

Overview of Agriculture-Related Funding Programs and Services

Last Updated: November 2019

This booklet provides an overview of agriculture-related funding programs and services that are available for Yukon. This information is intended to provide a brief description of each program to help guide applicants. For more information on eligibility criteria, maximum funding amounts and other program details, applicants are encouraged to contact the program administrators as listed below.

Funding Sources

FED – Government of Canada

TERR – Government of Yukon

Department/Agency Name		Funding Sources
Yukon Canadian Agricultural Partnership Programs (CAP) Yukon Agriculture Branch/Agriculture and Agri-Food Canada		FED/TERR
Program Description	Eligibility	Contact
<p>Agriculture and Value-Added Development Program</p> <p>The objective of this program is to support commercial agricultural producers and processors who seek to develop, diversify or expand operations to take advantage of market opportunities that will increase profitability. The program supports the development of products that add value to primary agricultural products.</p>	<ul style="list-style-type: none"> Producers/processors Producer/processor organizations Non-profit organizations Indigenous groups Municipal governments Territorial government 	<p>Yukon Agriculture Branch Phone: 867-667-5838 Email: agriculture@gov.yk.ca Website: http://www.emr.gov.yk.ca/agriculture/canadian-agricultural-partnership.html</p>
<p>Agriculture Awareness Program</p> <p>The purpose of the program is to promote the agriculture and agri-foods sector across Yukon and provide information to increase the awareness of residents on the benefits of agricultural development.</p>	<ul style="list-style-type: none"> Producer/processor organizations Non-profit organizations Indigenous groups Municipal governments Territorial government 	<p>Yukon Agriculture Branch Phone: 867-667-5838 Email: agriculture@gov.yk.ca Website: http://www.emr.gov.yk.ca/agriculture/canadian-agricultural-partnership.html</p>
